## BRILLIANT RECEPTION

HONORS PAID MR. AND MRS. TAYLOR H. HENDERSON

Friends Gather From Many Directions at the Home of Mr. and Mrs. J. M. Litter to Enjoy the Occasion.

No families in Morgan county ever stood higher than those of the late Jerry Henderson and John Sharp. Both the fathers have gone to their long home and Mrs. Sharp is no more, but Mrs. Henderson remains, honored and beloved by all who know her. Almost crushed by the terrible cyclone of 1888, she rose from the dreadful ordeal somewhat shattered in constitution but still with plenty of vigor left, and she bids fair to live to bless her loved ones for many years to come. Her children are Taylor H. of Litterberry; William, of Little Inland; Mrs. S. H. Crum and Mrs. J. M. Litter, both of Litterberry. Mr. and Mrs. Sharp have but one living representative of their family, their daughter Emma, who, after the death of her father, carried on the home farm of 125 acres a few miles north-east of Jacksonville. She and Taylor Henderson have known each other the greater part of their lives and have held each other in mutual esteem, but the little fellow they call Cupid, the winged elf who carries a bow and arrow which he flings through the hearts of men and maidens to unite them for life, had his eye on Taylor and Emma, and when an opportunity offered he was on hand and as both were of excellent character, nothing in the world against either, there was no reason why they should not surrender and they did so in good shape.

This was during the month of February, and to think was to act, so taking their departure for St. Louis they were properly united in marriage and proceeded to enjoy a wedding trip, to the sunny south, where the first part of the honeymoon was spent, and Taylor H. Henderson and Emma Sharp departing were Mr. and Mrs. T. H. Henderson returning. When the news was passed around the many who knew both said with one accord:

"Now, that's just right; they have my hearty consent."

Of course the next thing to do was to have a reception, inasmuch as the wedding was away from home with no relatives and special friends present, so the good mother and thoughtful sisters at once set to work to arrange things, deciding to have the affair at the home of Mrs. Litter in Litterberry. No man could ask a more delightful home than that of Mr. and Mrs. Litter. The house is new built with a special plan for comfort and convenience. A furnace supplies the heat, folding doors opened throw the whole place together, all possible modern improvements are there, and it is an ideal place, and there is at the residence always a cordial welcome for all the friends and loved ones.

The invitations were duly sent out for Friday, March 10, and the day was absolutely ideal, warm, bright and agreeable, and a few of those hidden "begin with one consent to make excuse" for there was every inducement to be present. The company

was wholly congenial and no stiffness was observable at any time. All were well acquainted and all agreeable and no one failed to make the most of the occasion. The morning train from Jacksonville brought a number of the later train south some more, while the greater part came by their own conveyances. As a matter of course the congratulations were numerous and cordial. Everybody remarked on the handsome appearance of the fair bride and the mainly and attractive looks of the groom, and there was nothing to mar the happiness of the day.

Everybody who loves a good horse knows Taylor Henderson and has admired the good animals he has handled and owned and just now he has one of old Lucy's colts, which he proudly claims is worth a thousand and no one is a better judge. His 320 acres is admirably managed, and is well nigh a model farm, while that fish pond is a source of honest pride to the owner.

The accomplished bride has to take no back seat when it comes to good business ability either, as all who live in her neighborhood and know how she has managed affairs since the death of her father will testify. With such circumstances surrounding the newly wedded pair there was no reason why all should not enter heartily into the spirit of the day and proceed to have a first class time, and they all did so.

As a matter of course, the good ladies who have such excellent reputations as upstart cooks had no intention of letting their names suffer on this occasion, and they began in good time to get ready for the important day. It will not be practicable to mention names for fear of omitting some one to whom credit should be given; suffice it to say that the management was in the hands of the groom's two sisters and they called to their aid Mrs. S. O. Shuff, of this city, who was on hand the day before giving them the benefit of her great skill, while others gave valuable aid and will please consider themselves all mentioned by name. T. T. Stout, of this city, is an uncle of the bride and he and his wife were among the guests, and as soon as they reached the place in the morning they went at once to work helping along the good cause, and Mr. Stout showed that he could handle kitchen tools with as much grace and dexterity as he could swing a big whip over an unruly steer; in fact, the ladies would have missed his services not a little had he not taken hold so willingly. The kitchen and pantry presented a spectacle sufficient to make a person's mouth water for weeks to come; such an array of good things is seldom seen and only where great skill is abundant. The tables were beautifully decorated with red and green colors, handsome flowers and ferns being abundant and all presented a lovely spectacle.

Near by on a side table was a large, elegant Bible, the gift of the loving mother to the groom; and it is the earnest wish of all that it may be the guide and counsel of the twain about to tread together the path of life.

It is needless to add that the superb bill of fare was greatly enjoyed by the guests and it was hard to leave the tables so abundantly supplied with all that palate could wish. It was fortunate that all seemed to be in excellent health; no one appearing to suffer from dyspepsia in any form, and so the large supply of delicious viands rapidly disappeared, though there was an abundance for even more than were present.

## WHAT IS THERE IN IT?

Scott's Emulsion is a careful blend of the purest cod liver oil, hypophosphites of lime and soda, glycerine and a dash of flavoring. The combination of these valuable ingredients, emulsified as in Scott's Emulsion represents the greatest remedy yet discovered for weak lungs, poor blood, low vitality, child weakness and all wasting diseases.

We'll send you a sample, free  
SCOTT & BOWNE, 409 Pearl Street, New York.

While the dinner was being served a delightful program of music was rendered by Mrs. May Crum and Mrs. Angie Murray on the piano and Mrs. Will Draper on the violin, and after dinner all joined in singing sacred songs, and Mrs. J. A. Murray delighted the company with a number of songs sung in her usual pleasing manner.

As the shadows began to deepen and the sun sank low in the west, the guests departed for their homes, feeling that nothing which might have contributed to their pleasure had been left undone.

## LURTON ADMITS HAVING PASSES

Says the Inter-Ocean—Asked by Grand Jury as to Their Influence in Legislation Makes Comparison to Influence Upon "Judge in Court Downstairs"

The Inter-Ocean had the following Friday regarding the testimony of Representative William Lurton, of this city, before the Sangamon county grand jury:

"Nothing in the way of legislative investigation was done by the grand jury to day. L. J. Nehls, the witness expected from Chicago, did not arrive. State's Attorney Hatch has not heard from Sheriff Barrett as to the subpoena sent to be served on Nehls. When Representative Lurton (Honest Bill) was before the grand jury he was asked whether he had received railroad passes. 'Yes, I have thirteen of them in my inside pocket,' replied the sweet singer of Morgan county.

"The Pullman company has been good," too, said Uncle Bill, "and they sent me some passes."

"Why did they send you those passes?" he was asked.

"I suppose because they thought that a member of the house ought to have a good night's rest when he is traveling," he answered.

"Would the fact that you have railroad passes influence you in matters of legislation?" he was asked.

"No more than they would influence the judge in the court downstairs," he has them, replied Lurton. "It was rumored to night, that the grand jury will take up a line of inquiry as to the last legislature, not yet touched upon in published reports, but State's Attorney Hatch would give no information as to this report."

## CENTENARY REVIVAL

Friday, at the Centenary church, the Bible readings were of great power. The doctrine of the immediate presence of God, and the witness of the spirit to the believer's acceptance was clearly shown.

At night Rev. C. E. Baker preached to a large and impressive sermon to an earnest audience. "The Choice of Moses" was the subject. Every man has such a crisis in his life, and every crisis comes when God by His spirit, crisis word, and His church awakens the consciousness of personal guilt and the need of a Savior. The appeal for an immediate decision for Christ was powerful. One young man yielded and gave his heart to God.

There will be no services to day. Dr. Springer will preach Sunday morning.

## RAILROAD NEWS NOTES

Burlington Will Build Double Track Between Concord and Arenzville—Surveys Have Been Run—Burlington Officials Were Here Friday.

Burlington engineers have been running surveys between Concord and Arenzville recently and it is understood they will soon begin the construction of a double track between the two points. The new track will not parallel the old one, but will be run as near to it as possible in keeping with the avoidance of the steep grade, which is now such a burden and which necessitates the constant use of a helper with all heavily loaded freight trains. Work on the new track will begin as soon as the weather will permit.

A special train with the Burlington officials on board arrived in this city from the south Friday evening at 6:28 and departed about 7 o'clock for the north. The train was pulled by engine No. 83, with Engineer Haberman at the throttle and Conductor Cross in charge. Among those aboard were D. Willard, second vice president; J. M. Gruber, general manager; H. D. Judson, general superintendent; L. W. Berry, division superintendent; T. L. Smith, master mechanic; and George H. Bremner, engineer of maintenance of way. Mr. Gruber was recently appointed as general manager and the trip yesterday was to traverse the road for the benefit of the general manager and also to afford him a chance to make the acquaintance of the officials along the route.

George R. Middleton received ten crates of seed corn from Funk Bros., of Chicago, Friday, via the Alton.

D. C. Odell, traveling freight agent of the B. & O. S. W., spent Friday in the city on business interests.

Seligman Bros. shipped a car of mineral water to Chicago via the Alton Friday.

## COMFORTING WORDS

Many a Jacksonville Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Jacksonville readers.

Veteran John Grogan, 881 North Prairie street, says: "I had heavy distressing pains through my loins and kidneys which the doctors called 'lumbago.' I was very susceptible to cold and the last attack settled right in my back and made stooping or sitting very painful. The kidney secretions became irregular and at times distressing and I frequently suffered from attacks of dizziness. Ordinary remedies did not seem to have the desired effects they should. I got nothing to give me lasting relief until hearing about Doan's Kidney Pills. I got a box at Dr. H. H. Hatch's drug store and began their use. I soon commenced to feel better and after a remarkably short treatment the pains and aches had all left me. I have felt splendid since and years younger than I did."

For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## CLEANLY WOMAN

Erroneously Thinks by Scouring Her Scalp that she Cures Dandruff. Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, and is during the scouring, the hair will grow again every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide, by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Mr. Gastman there at 4 p. m. Such  
a program with the excellent music

items, requiring the careful consid-  
eration of the club, will be presented  
after the program.

## THIRTY-THIRD ANNIVERSARY

versary of the death of Joseph Capps,  
the founder of Capps' woolen mills.  
Many of the older residents will re-  
member the sad circumstances of the  
passing away of the estimable gen-  
tleman, who was stricken with the  
dreaded scourge which held so many  
of the best citizens of Jacksonville  
at the time, and threatened others of  
the same family, who, providentially,  
were spared for years of useful  
service. The growth of the concern  
of which the elder Capps was the  
founder would doubtless be a wonder-  
ful surprise to him, could he again  
visit the scenes of his early activities.

Fire Insurance

We have several large amounts of  
money on hand for local loans.

We are now writing a line of all  
kinds of bonds, anything from a  
breacher to a mayor or alderman.

All kinds of fire, lightning or tornado  
insurance on either buildings, stocks  
or rolling stock. Don't forget us.

We are sole agents for cotton and  
sorghum lands in the Great Mississippi  
valley. These lands have been raised  
in price from two to ten dollars an acre  
in seven years and are still underbid.  
There is no reason why they should  
not be in value within the next  
ten years.

The first investment for small buyers  
in the world. Better than all kinds of  
mining stocks and something  
that we are not afraid to place our  
reputation behind. Put your money in  
and forget it. Wake up and find that  
you have a fortune. No man or woman  
can make a mistake in buying  
southern lands.

The new railroads and canals have  
opened this country within the last  
ten years and that is the reason why  
this coming to the front. We have  
any number of people down at any  
time, but prefer to take them down on  
the first and third Tuesdays of each  
month. These are the best of the  
best. You will never be any  
sicker coming. You can't go wrong.

of red precipitate. Dr. Voltman was cal-  
led, but upon his arrival was unable to  
find any traces of the poison. The  
woman's husband was arrested on a war-

before "Squire Arenz and was discharged.  
He was arrested later on a peace war-

## DELIGHTFUL OCCASION

Program and Dinner Given Under Auspices of Woman's Christian Association at Y. M. C. A. Building Friday Afternoon.

The work of the Woman's Christian association, for the present season, was brought to a delightful close Friday afternoon at their rooms in the Y. M. C. A. building. During the earlier hours of the afternoon an interesting program was given and about 4:30 o'clock an excellent dinner was served. The ladies who have this good work in charge had arranged for thirty plates, but many of those who have enjoyed the kindly offices of the members of the organization were prevented from being present on account of illness. Twenty or more, however, were present and sat down to a beautifully spread table adorned with two bouquets of carnations, and a menu of delicious viands.

The noble work of these ladies has been in progress since 1871, but so quietly and unostentatiously have they worked that their deeds are known only to those who have been the recipients of their unselfish acts.

The object of the association is to provide work during the winter months, sewing in particular, for women who are unable to seek employment outside of their homes and who in this way find a means of providing for some of the necessities of life without absence from home and children.

The women who have been assisted in this way and their children gathered at the Y. M. C. A. building yesterday afternoon and the occasion was one of enjoyment for all, those for whom the program had been prepared and those who prepared and participated in it.

Rev. R. F. Cressy, pastor of the Jordan Street church, had been invited to make a few brief remarks and he spoke from the theme, "Christ as a Helper." His utterances were deeply significant and he spoke in an earnest manner of the assisting hand held out by the Master to all who were willing to enlist under His standard and learn of Him.

The musical program and recitations were also greatly enjoyed and the young ladies who participated graciously repeated a number of the selections.

The program as given, was as follows:

"Ave Maria" (Franz Abt.) Quartet (Pupils from the Woman's college), Marcella Crum, Greta Coe, Jess Bradley and Olive Gust. Leda Ellsberry, accompanist.

Recitations: "William's Watermelon" and "Two Little Girls"—Grace McFadden.

"Neapolitan Boat Song"—Quartet.

Recitations: "Annexation of Cuba" and "Pa's Soft Spot"—Jessie Kennedy.

DR. J. T. McFARLAND HERE.

Dr. J. T. McFarland, a former pastor of Grace M. E. church, but now located at Brooklyn, N. Y., as editor of the Sunday school literature of the Methodist church, will preach at the morning service at Grace church to-morrow. Presiding Elder G. T. Scrimger will preach at the evening service.

FUNERAL NOTICE.

The funeral of Mrs. Frank Eads will be held at the Christian church this afternoon at 2:30 o'clock.

BIG DANCE.

There will be a big dance Saturday night March 11, in Odeon hall. Prices: Gentlemen, 25c; ladies, 15c.

LOST TO QUINCY.

The Illinois college basketball team played the Genl City Business college team in the Quincy Y. M. C. A. Friday night and were defeated by a score of 21 to 18. The local boys lost the game on fouls, thirteen being registered against them.

The lineup was as follows: Illinois college—White, right forward; Harmon, left forward; Williams, center; Stith, right guard; Wall, left guard. Genl City—Phillips, right forward; Dow, left forward; Linn, center; Lohmann, right guard; Lauterbach, left guard.

George Conover, Alden Brown, Carl Gordon, Lee Pigott and Professor Shaw accompanied the team to Quincy, and all returned on the 1:20 train this morning.

SURPRISE PARTY.

A surprise party was given by Miss Lucile Rotger in honor of Miss Patti Whitlock at the residence of the latter, 416 North Fayette street, Friday evening.

A most enjoyable evening was spent in games, dancing and music, after which delicious refreshments were served. Those present were Misses Rena Packard, Jeanette Leck, Flossie Cobb, Bettie Corrington, Helen Leck, Lucile Rotger and Jessie Rotger, Messrs. Frank Ravington, James Pyatt, Walter Brunk, Stanley Wright, Earl Sutcliffe, Oscar Davis, Lee Ravington and William Mallen.

## WILL BUILD ADDITION

Illinois Bridge and Machine Company to Enlarge Plant—New Structure Will Cost \$9,000.

The Illinois Bridge and Machine company will soon begin the erection of a large building for the handling of their increasing business. The new structure will be a third again as large as the present building and will be perfectly adapted to the purposes for which it is intended.

The building will measure 100x140 feet, by 42 feet high, with a steel frame set on thirty-six concrete pillars measuring 4x4 feet. There will be no wood work about it except the roof, sheathing and rafters, and the sides and ends will be practically solid glass. The walls will be of brick, as high as the windows. The span of the roof will be sixty feet, which will give a working space without supports or shelves of 60x140x42 feet. On each side of the main roof will be a shed roof twenty feet wide.

The estimated cost is about \$9,000.

The lines have been already laid on the north side of the bridge company's lot, just north of the present building, and the work will be rushed, as the contract calls for its completion by May 15. The contractor is Joseph D. Goveia.

### WIN IN DEBATE AT SPRINGFIELD

High School Team Carry Off the Honors in Contest Held Friday Evening—Ex-Governor Yates Presided—Enthusiastic Audience—Reception and Dance

Jacksonville won a decided victory over Springfield Friday evening, when representatives of the high schools of the two cities met in joint debate. The contest was held in the high school auditorium in the capital city and the occasion was honored by the presence of former Gov. Richard Yates, who presided over the exercises of the evening. In a few brief introductory remarks, Governor Yates referred to the great pleasure it gave him to extend a cordial welcome to representatives "from his old home who were present in forensic rivalry with representatives of his new home."

The question for discussion was: "Resolved, That the United States should hold the Philippine Islands as a colonial dependency."

Springfield had the affirmative, which was upheld by William Grant, Charles Donelan and Valle Apple. Jacksonville had the negative and the speakers were Karl Weber, Sena Miller and John Butler.

The judges were J. E. Woogers, of Carlinville; D. C. Ridgely, of Normal, and W. H. C. Meier, of Havana. Each speaker was allowed ten minutes in which to present his argument and the leaders were allowed five minutes each for summary.

Karl Weber was the leader of the Jacksonville team.

There was a large attendance and enthusiasm ran high. One hundred or more students from the local school went over on the afternoon train and returned on a special that left Springfield at 1 o'clock Saturday morning.

At the conclusion of the debate a reception and dance in the city hall was given in honor of the visitors, which proved an enjoyable event.

### PROGRESS IS BEING MADE

Interurban Between Alton and Jacksonville Said to Be Only a Question of Months—City Council Will Be Asked for Franchise Thursday—Some of the Plans

The city council will be asked to grant a franchise to the Alton, Jacksonville and Peoria interurban railway next Thursday evening, in accordance with a similar request which has been made to the city councils and town boards along the proposed right of way of the road.

Franchises have already been granted to this corporation by the following places: Alton, Godfrey and North Alton, located in Madison county; Newbern, Dow, Kane and Jerseyville, in Jersey county; Carrollton, Whitehall and Roodhouse, in Greene county; Manchester, in Scott county, and Woodson and Murrayville, in Morgan county.

The right of way has been specified in all these grants and the right of way asked for in this city is to enter the city limits at the south line of the corporation on South East street and run the entire length of South and North East streets to the corporate limits, north of the city.

From Woodson the road will parallel the right of way of the Chicago & Alton road and the line will pass directly in front of Nichols park. The right of way between the various towns and cities mentioned has not yet been determined with the exception of the distance between Alton and Jerseyville, the right of way for ten miles of this distance having been already secured. The terminals for the road at present will be Jacksonville and Alton.

Connection will be made at Alton for St. Louis and it is planned to run limited trains between Jacksonville and St. Louis every three hours, covering the entire distance

in three hours. The cars in contemplation are buffet chair cars of the most modern type.

The location of the power house and car buildings has not been determined. The car buildings will employ about fifty men and the power house will also require a large force. The cost of the latter will be \$300,000.

While the through traffic will be solicited, especial attention will also be paid to the local trains both as regards freight and passenger service. The freight service will be confined to packages and such articles as can be crated and will be hauled in cars comparable with the present express cars in use on the railroads.

Winchester citizens are very anxious to secure either the main line or a branch of this road for their city and a mass meeting was held recently at which A. P. Grout presided as chairman, and committees were named to assist in securing the proposed road for the capital of Scott county.

The above facts were learned in an interview with Mr. J. B. Crankshaw, engineer of the road, who has been in the city for several weeks.
